U.S. House of Representatives
111th Congress, 2nd Session
Washington, DC 20515

Dear Members of Congress,

As we watch the movements of Tropical Storm Bonnie toward the embattled Gulf of Mexico, I write to support H.R. 1264, the Multiple Peril Insurance Act sponsored by Congressman Gene Taylor.

Congressman Taylor and I both lost our homes in Hurricane Katrina. We experienced the difficulties and indignities in the aftermath of the disaster, and came to fully understand the deficiencies of insurance coverages. Over the years it has gotten even worse. Proper coverage is often unavailable or unaffordable. Something needs to be done! This bill is the only possible solution.

Certainly this is not a partisan or political issue. It is a question of fairness and humanity. Congressman Taylor has doggedly sought a solution to this great need. I urge my former Colleagues and friends in the House of Representatives to support this urgently needed legislation.

With sincere respect, I am

Sincerely,

Trent Lott
